Europäische Sicherheit & Technik (ES&T)

After the 2012 merger of the magazines “Europäische Sicherheit” (founded in 1952) and “Strategie & Technik” (founded in 1958) ES&T has emerged as the leading independent monthly for security policy, armed forces, industry, armament and logistics in the German language. As a specialist magazine ES&T serves decision makers and programme executives in politics, the armed forces, public administration, scientific organisations, associations and industry. ES&T is published in close cooperation with the German Armed Forces, the Federal Ministry of Defence and subordinate offices and commands.

Language: German

ED: Editorial Deadline, AD: Advertising Reservation Deadline, CD: Advertising Copy Deadline, PD: Publication Date

01/19 April IT-Report 2019 (German)

ED: 08/03/19 AD: 19/03/19 CD: 22/03/19 PD: 06/04/19

As a matter of tradition, the annual IT Report issue, the publication of which always coincides with the AFCEA Convention in Bonn (11/12 April 2019) reflects the current status of information and communication technology for the armed forces in dedicated articles by experts and decision makers from public administration, the armed forces, scientific organisations, and industry. Besides, current programmes and requirements are addressed in topical contributions.

02/19 May SPz PUMA (German)

ED: 18/03/19 AD: 12/04/19 CD: 24/04/19 PD: 17/05/19

The PUMA Armoured Infantry Fighting Vehicle is one of the world's most modern combat vehicles. Since its development and adoption in 2015, the PUMA has been continuously improved and upgraded to keep up to the ever changing military demands. This DTR describes the project's status and its future development for the Bundeswehr.

03/19 July PUMA AIFV (English)

ED: 20/05/19 AD: 01/07/19 CD: 04/07/19 PD: 22/07/19

The PUMA Armoured Infantry Fighting Vehicle is one of the world's most modern combat vehicles. Besides its adoption by the Bundeswehr, the PUMA finds significant interest on the international market. This DTR describes the project's status and its potential for future development.

Wehrtechnische Reports (WTR)

ED: 26/07/19 **AD: 13/08/19** **CD: 15/08/19** **PD: 02/09/19**

This well-established publication – to mark the two major international land defence exhibitions DSEI and AUSA – offers fundamental information on the current capabilities and development of the German land forces to an international readership.

Bonus Distribution: DSEi 2019, London – AUSA 2019, Washington

05/19 **October** **Medical Support in European Military Context** (German/English)

ED: 16/09/19 **AD: 30/09/19** **CD: 02/10/19** **PD: 15/10/19**

Germany has been chosen as the lead nation for the European Medical Command which is planned as part of EU's PESCO initiative. The Bundeswehr's Medical Service plays a key role in the establishment of the command. The DTR gives an overview of the Medical Service's current development and offers a platform for the defence industry to present its products, services and capabilities.

06/19 **December** **Soldier and Technology 2020** (German)

ED: 25/11/19 **AD: 09/12/19** **CD: 11/12/19** **PD: 20/12/19**

Tactical Trends for hand weapons, ordnance, ammunition, clothing and personal equipment are subject to consideration in this issue. Against the background of the pending decision for a successor to the Bundeswehr's G36 standard assault rifle and peripherals as well as the continuing service introduction of the IdZ-ES/Gladius soldier system for the German infantry forces the theme is of topical relevance. The issue is published in cooperation with the service branch commands and the central German procurement authority, the BAAINBw.

Bonus Distribution: Enforcetac/IWA, Nuremberg – German Infantry Day, Hammelburg – KSK Symposium 2020

Security Technology Reviews (STR)

In accordance with the “Networked Security” principle this series of national security brochures complements the publishing house’s scope of capabilities. The issues focus on public security institutions and the technologies used by and in support of them.

European Security & Defence (ESD)

“European Security & Defence” (ESD) addresses an international readership in more than 100 countries with aspects of European defence and security policy, the armed forces, armament/procurement, and industry. As an unbiased periodical ESD considers questions of international relevance at political/parliamentary, military, technological and industrial levels. The magazine is supported by renowned and expert authors from politics, the military, public administration and acknowledged scientific institutions. ESD is published 10 times in 2019 including a special issue addressing the subject of “Defence Procurement in Germany”.

Since January 2015, ESD has been accompanied by “ESD Spotlight”, a fortnightly online newsletter in English.

In terms of readership ESD reaches broadly 25% industry, 65% military and 10% “other” categories, and within those categories is most frequently received (initially) in the Major-to-2-Star-General (or equivalent) bracket. The pass-along rate is assessed as being between 5 and 7 readers per copy.

Fast · Concise · To the Point

The independent fortnightly online newsletter **wehrwirtschaft** is distributed as PDF file via email and offers information on events, developments and changes in the field of armed forces, armament, defence industry and logistics. Besides a highly topical focus it features concise articles from the categories:

- Industry
- NATO / European Armed Forces
- International
- Conferences
- Persons

Readership and Distribution

- Addresses:** Subscribers in ministries and subordinate agencies, Bundeswehr staff, members of the German Bundestag's Committees on Defence, Budget, Foreign and Internal Affairs, the Bundessicherheitsrat, the defence industry, associations and research institutions.
- Distribution:** Core distribution in Germany and other German-speaking countries.
- Circulation:** As each issue is available in internal networks of authorities (including the German Federal Ministry of Defence), institutes and companies on the basis of licence agreements, and the form of distribution allows its forwarding, the number of regular readers can only be roughly estimated. It can be assumed that each issue of wehrwirtschaft reaches 10,000 to 15,000 qualified readers.
- Publication Dates:** The publication dates 2019 are:

Marketing Reports/Advertorials

Present yourself with your relevant content to a specific target group on ES&T Online with more than 60,000 users per month. Draw extra attention with expert information beyond the mere advertising message.

How it works

You provide the content (max. 9,000 characters of text + photos) – we take care of the implementation. You get your own online news post with teaser and photo on the home page www.esut.de »News« section. A link directs visitors to the landing page with your article. This page is accessible via the link for one month. Post and article are marked »Sponsored by xxx«.

Term	1 Month	2 Month
	€3,500	€5,000
Special Price (when simultaneously buying a print advertisement of 1 page)	€1,000	€1,500

In case your text is to be produced by our editors this will be charged separately on a time basis. After one month your post appears in the sidebar of the home page.

All rates subject to VAT, discounts and agency commission.

Terms of Business

1. An advertising order for one or several advertisements, inserts or supplements shall be subject to the General Terms and Conditions of the publication contract and shall thus be considered to be an advertising legal entity.
2. Advertising orders shall be satisfied within a period of one year following placement of an order. For combined advertisements, inserts and supplements, the basic rate shall be charged to each respective client.
3. Discounts, as specified in the advertising rate card, shall apply only within one year after the appearance of the first advertisement.
4. The client shall be entitled to increase the quantity of advertisements specified in the contract within the contractual period of the order.
5. If an order cannot be satisfied due to circumstances beyond the control of the publishing house, the client shall pay the difference between the granted and the appropriate discounted fee to the publishing house. This clause is made without prejudice to any further legal obligations. Such payment shall not be due, if the contract cannot be carried out by the publishing house due to force majeure.
6. In calculating the price of an order, text line millimetres shall be converted into advertisement space millimetres.
7. On the alteration of the advertising rates, new conditions shall enter into force immediately, unless the client and the publishing house agree otherwise.
8. Unless given as a precondition for the placement of an order, the publishing house shall not guarantee advertisements, supplements or inserts appearing at certain places of the magazine.
9. The publication of advertisements in the journalistic text portion shall be billed at the text portion rate. Text portion advertisements are defined as advertisements, which border on at least three sides with the text and not on other advertisements.
10. Advertisements, which cannot be recognised as such by their design, shall be visibly marked with the word "advertisement" by the publishing house.
11. With the acceptance and examination of advertisement texts and illustrations, the publishing house shall exercise reasonable care as is customary in business. It shall not, however, be held liable for misleading information or deception provided by the client. The client is solely responsible

for the legality of the advertisement, the supplement or the insert.

12. The publishing house reserves the right to reject advertising orders – or individual telephone calls constituting a contract – if the contents, the origin, or the technical form, following objective principles of the publishing house, do not comply with laws or official regulations or if the publishing is not considered just and reasonable by the publishing house.
13. Orders for supplements and inserts shall not be considered binding for the publishing house before the submission of an advertisement sample. The publishing house shall not accept supplements or inserts, which lead the reader to believe that, due to the format or layout, the supplement or insert is a component of the magazine. Supplements and inserts, which contain external advertisements, shall not be accepted.
14. Proofs shall only be supplied on explicit request. The exclusive responsibility for the correctness of the proofs returned to the publishing house shall rest with the client. If the proofs do not arrive at the publishing house before the appointed date, permission for the printing shall be considered as having been given.
15. The client is responsible for the timely submission of the advertising text and for the proper printing of documents for the supplement or inserts. The publishing house shall request immediate replacement for visibly unsuitable or damaged printed documents. When advertisement orders or alterations are forwarded by telephone, as well as in the case of errors due to illegible writing, the publishing house shall not be held responsible for the corrected rendition. If the publishing house is not able to immediately recognize deficiencies in submitted documents, but then subsequently finds them during the printing process, the publisher shall not be held liable. This clause applies also to incorrect repeat advertisements, if the client does not point out the mistake before the printing of the next advertisement.
16. The publishing house shall guarantee the technically perfect rendition of the advertisement. In case of an illegible, faulty or incomplete printout of the advertisement the client may claim a payment reduction or a repeat printout, but only to the extent, that the objective of the advertisement was impaired. The publishing house will not accept any further liability beyond this clause. Complaints in re-

spect of this clause are to be filed – except for non-obvious deficiencies – within four weeks after receipt of billing and voucher.

17. Payments shall be strictly met within 14 days starting from invoice date. In the case of a payment delay, the publishing house shall be entitled to charge the default client interest of at least 2 % above the respective basic interest rate of the European Central Bank. In the case of payment delay the publishing house shall be entitled to postpone further processing of the client's current order until payment is made and shall be entitled to demand pre-payment for remaining orders.
18. On request the publishing house shall supply a voucher copy of the advertisement with the billing. Depending upon the kind and scope of the order, advertisement detail clips, voucher pages or complete magazine copies shall be supplied.
19. Costs in respect of preparation of ordered printing documents as well as of changes demanded by the client, or for which he is responsible shall be borne by the client.
20. A decrease of circulation shall only affect the contract if the circulation declines more than 20 %. Further claims for compensation shall not be admissible if the publishing house informed the client about the decline of circulation such that the client was able to cancel the order before its appearance.
21. In the event of box number advertisements, the publishing house shall exercise reasonable care for the safe custody and timely forwarding of responses. Registered letters and express letters in response to box number advertisement shall only be forwarded by regular mail. The publishing house reserves the right to open incoming mail for inspection purposes in order to eliminate the misuse of the box number service. The publishing house shall not be obligated to forward offers of market targeting or product placement.
22. The publishing house shall return printing documents to the client only on special request. Unless otherwise agreed, the obligatory period of retention shall end 3 months after expiration of the contract.
23. Place of performance and legal venue is Bonn.
